## The Star and Sentinel.

**GONE AWAY.**

I see the farm-house red and old,
Above the roof its maples sway;
The hills behind are bleak and cold,
The wind comes up and dies away.

I gaze into each empty room,
And as I gaze a gnawing pain
Is at my heart, at thought of those
Who ne'er will pass the door again.

And, strolling down the orchard slope,
(So wide a likeness grief will crave,)
Each dead leaf seems a withered hope,
Each mossy hillock looks a grave.

They will not hear me if I call;
They will not see these tears that start;
'Tis autumn—autumn with it all—
And worse than autumn in my heart.

O, leaves so dry, and dead, and sere!
I can recall some happier hours,
When summer's glory lingered there, [ers.
And summer's beauty touched the flow-

Adown the slope a slender shape
Danced lightly, with her flying curls,
And manhood's deeper tones were blent
With the gay laugh of happy girls.

O, stolen meetings at the gate!
O, lingerings at the open door!
O, moonlight rambles long and late!
My heart can scarce believe them

## THE DEMOCRACY AND THE PRESIDENCY.

The "Democrats" are looking around for a candidate for the Presidency; and they are "hard up." They have "sounded" our best military men, and been repulsed. GRANT and SHERMAN promptly repelled their advances. We recently heard of their attack on General MEADE. It took place before our October election. The case was very plausibly presented, and urgently pressed by a committee of "Democratic" politicians. He heard them through, and then replied, substantially, that there were three difficulties in the way:

*First*, He preferred his present position—a Major General in the regular army.

*Second*, He had no taste for the duties of the Presidency.

*Third*, He called himself a Republican, and intended voting the Republican ticket at the October election!

The "committee" were satisfied that nothing could be done, and left in deep, but deserved, humiliation. The hero of our great battle is faithful to the flag, and the principles for which he fought.

Thus, the Democracy are, in their great straits, reduced to GEORGE H. PENDLETON of Ohio, HORATIO SEYMOUR of New York, JAMES E. ENGLISH of Connecticut, and GEORGE B. MCCLELLAN of Dresden. It is hard to get a man who has any respect for his reputation to "train in that crowd," and an overwhelming defeat awaits them. They will carry the States in which the Rebel element is predominant, viz: Kentucky, Maryland, and Delaware. But the *live* States of the Union, North and South, will be against their exploded doctrines, their re-action-ary principles, and their record of treason and dishonor.

If the election of Judge SHARSWOOD should be contested, it must be before the Legislature, to which petitions alleging frauds must be presented within ten days after the meeting, and be signed by at least fifty electors. A committee to hear the testimony will consist of four Senators and three Representatives—to be selected by a process of striking and challenging—who are to hear testimony in public, and their report, or that of a majority, is final and conclusive.

The investigation will open up the frauds in Luzerne and Philadelphia, alluded to last week, and probably involve a ventilating of the "deserter" and the pauper vote. Respecting the right of the latter to vote, the York *Republican* holds: "They are not "freemen" in the Constitutional sense, being under public care, control and guardianship. We need only cite as *authority* for this position the speech of Hon. JERHMIAH S. BLACK, made at Williamsport in 1864, in which he denied the right of soldiers in the army to vote, and classed them with paupers, lunatics, and other classes of the disfranchised.

"Paupers have no legal residence in the township in which the Alms House is located. Their residence remains in the district or township from which they are removed to the Alms House. They are there merely as the recipients of public charity. If otherwise entitled to vote, they must do so in the election districts from which they were removed to the County Alms House.

"Paupers are not able, without committing perjury, to swear, as the law requires, that their *bona fide* residence, *in pursuance of their lawful calling*, is within the district. A pauper—a subject of public charity—has no "lawful calling" in the district in which the Alms House is situated. This is as clear as light."

THE "Democratic" papers advise Gen. GRANT not to accept the Republican nomination for the Presidency; and kindly add that they will defeat him, if he should run on that ticket!

GRANT never kept out of a fight for fear of defeat; and never asked his enemies how he should act. He carried on the war in his own way, and without regard to the advice of the Rebels, who all the while insisted that *they* were winning victories. So he will act in politics—in contemptuous disregard of the opinions and wishes of the Copperheads, whom he detests for their cowardly desertion of the country when it was betrayed into the hands of traitorous enemies.

ONE would suppose that the *Valley Spirit* would take a cheerful and amiable view of things, since the election. But it is more bitter and abusive than usual. Last week, it opened an editorial by speaking of Mr. STEVENS, as a "malignant old villain."

As the "Democratic" leaders feel the growing pressure of Common Schools, crushing out the life of their party, it is but natural that their indignation at the great author of their calamities should take the meanest and most vindictive form. But Mr. STEVENS will be remembered and revered, when the names of all his traducers have passed into utter oblivion.

THE inevitable return of the Rebel States to the Union, re-organized and reconstructed upon Republican principles, is a galling fact to the Democracy. The Rebellion, of which this Republicanizing of the South is a result, was a galling fact to patriots when it occurred. Probably, the "Democratic" leaders *now* regret their agency in bringing it on. Better late than never.

SEVERAL "Democrats" were convicted last week in the Criminal Court of Philadelphia, of illegal voting at the late election, and sentenced to fine and imprisonment. Some of them voted under assumed names, and others gave false places of residence. Under WALLACE'S bribes and manipulations, the "Democratic" leaders added, at the late election, to their former renown as masters of every species of election-villany.

THE "Democratic" papers are publishing WALLACE'S Congratulatory Address, but they suppress his secret circular offering large bribes to the "Democratic" township politicians for bringing out the party vote. They are unwilling that the honest masses should understand the corrupt means resorted to by them, while professions of purity were on their lying lips.

## THE CIVIL RIGHTS & RECONSTRUCTION BILLS BEFORE THE COURTS.

Two very important judicial decisions, bearing upon the altered condition of the country resulting from the rebellion and the amendment to the Federal Constitution made necessary by that act, have been delivered in the United States Courts recently. Both of them, we are glad to say, were in accord with the convictions of the loyal and intelligent masses of the country. One was by Judge BRYAN, of the United States District Court for South Carolina, in a case brought for the purpose of testing the validity of a panel of jurors drawn from the voters and tax-payers of the State, irrespective of color. The Judge, in his decision, held that the Congress, as now constituted, was the legal Congress of the whole country—that the Reconstruction act of Congress, conferring suffrage upon the negro, was valid, and was the Provisional Constitution and law of the State. He declared further:

"I say it with a grave sense of responsibility. It is incompetent for the President of the United States, by any act of his, to bind Congress, and restore the State to the Union, and connect it with the Union by constitutional ligaments and relations. I hold there is no legal government or State constitution in South Carolina, and that under the existing Provisional Government, the Reconstruction acts of Congress are the Supreme law and the Constitution of the State."

The second decision was in a *habeas corpus* case, which occurred in Baltimore before Chief Justice CHASE, of the Supreme Court. The applicant for relief was a mulatto girl, who had been sold into servitude under the apprentice law of Maryland since the passage of the law abolishing slavery in the State went into operation. The Civil Rights bill passed by Congress prohibits any distinction in the treatment of persons of different colors by State legislation, which had in this case resulted in condemning the black girl to a modified form of slavery. The Chief Justice reviewed the facts agreed upon by the parties, without argument, and decided that the petitioner must be discharged from restraint by her master. The conclusions upon which this decision was based were stated by the Chief Justice as follows:

*First.* The first clause of the thirteenth amendment of the Constitution of the United States, interdicts slavery and involuntary servitude, except as a punishment for crime, and establishes freedom as the constitutional right of all persons in the United States.

*Second.* The alleged apprenticeship in the present case is involuntary servitude within the meaning of these words in the amendment.

*Third.* If this were otherwise, the indenture set forth in the return does not contain important provisions for the security of the apprentice; which are required by the laws of Maryland in indentures of white apprentices, and is, therefore, in contravention of that clause of the first section of the Civil Rights law, enacted by Congress on the 9th of April, 1866.

*Fourth.* This law having been enacted under the second clause of the thirteenth amendment, in enforcement of the first clause of the same amendment, is constitutional and applies to all conditions prohibited by it, whether originating in transactions before or since its enactment.

*Fifth.* Colored persons, equally with white persons, are citizens of the United States.

This is a distinct and direct affirmation of the constitutionality of the Civil Rights law by the highest judicial authority in the land. It is also a clear affirmation of the truly republican doctrine that all native-born persons are citizens of the United States, and entitled to equal rights before the law. This is ground broad and firm enough for us to stand upon for years to come—the only basis, in truth, upon which our national safety and prosperity can be permanently established.—*Bucks County Intelligencer.*

## THE ELECTIONS OF 1862.

IN 1862 the elections stood as follows:

| | Rep. | Dem. |
|---|---|---|
| Maine | 6,025 | |
| New Hampshire, | | 3,798 |
| New York, | | 10,752 |
| Pennsylvania, | | 3,524 |
| New Jersey, | | 14,597 |
| Ohio, | | 5,577 |
| Indiana, | | 9,543 |
| Illinois, | | 16,546 |
| Michigan, | 6,614 | |
| Wisconsin, | | 1,167 |

Thus went the ten States in 1862. The Republicans were caught napping.—Next year (1863) they went in and carried every one of the above States, except New Jersey, by enormous majorities—Pennsylvania by 15,000, and Ohio by 100,000. We see how they are going now—simply a reduction of Republican majorities, but not nearly so bad as in 1862. Next year we will repeat the lesson of 1863, and not only sweep the field, but elect the Republican candidate by a larger majority than any President has received since Washington was unanimously elected.

MRS. LINCOLN, widow of the lamented and martyred President, has within the last few weeks made herself the subject of a good deal of newspaper criticism, growing out of her singular conduct in reference to her clothing and jewelry. It seems, for a year past she has been in the habit of pawning (at a pawnbroker's shop in Chicago) many valuable dresses, jewelry, &c., which she wore while in Washington—disposing of them *incognito*, and at singularly low prices. Quarreling with the pawnbroker in Chicago, a few weeks ago she made her appearance in New York, at first *incognito* also, but afterwards publicly, and put a large number of costly dresses, furs, &c., on exhibition with a Mr. BRADY, commission merchant, inviting examination and purchase by the public on the ground of poverty. The display attracted much attention, but few or no purchasers, occasioning, however, a good deal of newspaper comment. Mrs. LINCOLN next authorized an appeal to the public for contributions for her support, alleging want of means to support herself comfortably. This singular conduct is all the more extraordinary in view of the fact that President LINCOLN, by long years of assiduous devotion to his profession, and economy during his Presidential term, had accumulated considerable means and left an estate amounting to over $110,000, with no debts. The assumption that Mrs. LINCOLN has become insane is the most charitable explanation of her inexplicable conduct, which otherwise is not only mortifying to her friends, but discreditable to herself.

THE *Morning Post* is a new Republican daily penny paper, recently started in Philadelphia. It is conducted with skill and tact, and will prove a valuable addition to our Editorial force. Publication office, 738 Sansom street.

## THE SOUTHERN AND OTHER ELECTIONS!

### Nebraska, Iowa, Colorado, Louisiana, Alabama, and Virginia swept by the Republicans!!

While the Democracy are rejoicing over their small gains in Ohio and Pennsylvania, they forget to mention that

The Republicans have swept COLORADO and NEBRASKA clean!

The Republicans have carried IOWA by 30,000—13,000 more than last year!!

The Republicans have made large gains all over INDIANA, and have carried every Congressional District in the State except one!!!

And, they have CAPTURED such old Democratic strongholds, as LOUISIANA, ALABAMA, and VIRGINIA!!!!

In LOUISIANA, the majority at the election, recently held for a Convention to make a State Constitution, and restore the State to the Union, under the Congressional Reconstruction bill, was

71,075!

In ALABAMA, the majority for a like Convention for a like purpose, was

81,957!!

In VIRGINIA, the majority for a Convention and Restoration, was about

30,000!!!

In each case, the Republicans have a large majority in the Convention.

The victory is complete.

And Georgia, North Carolina, Florida, South Carolina, Mississippi, Arkansas and Texas will soon follow. The chances are, the Republicans will sweep them all!

Thus, one by one, these old "Democratic" States fall into the Republican line, and they will all help, next year, to elect a Republican President and Vice President—

At the prospect of which, President JOHNSON and the "Democratic" leaders vainly GNASH THEIR TEETH!!

THE *Valley Spirit* gives notice that if the Legislature enforce the laws of the State, and, on a contest, unseat any "Democrats" who were elected illegally by the votes of disfranchised deserters, and in violation of our election statutes, *somebody will be hurt!*

In old times, Democrats were very free in the use of the power of contest; and we at this moment recall one year in which they exerted it most unscrupulously, under the lead of CHARLES R. BUCKALEW, to give JOHN B. BECK of Lycoming a seat in the Legislature.

The Republicans will do no wrong, and violate no right. But they will vindicate the laws, *insist upon pure elections*, and oust all whose hands are not clean.

Of course, this will not suit the "Democratic" leaders. So much the worse for them.

THE York *Republican* says:

"But illegal voting was not confined to Philadelphia. We know a Township in York county, in which the assessor's list was not posted up until the eleventh day before the election, though the law requires it to be done on or before the 20th day of August, and in that Township, one hundred votes more were polled than there were names of taxables on that list, and some of *them*, we also know, did *not* vote."

In every direction, we hear of gross violations of the election laws by the Copperhead leaders for which, it is some consolation, they will probably have to answer before the Legislature of the State.

THE editor of the York *Republican* has a right to know, and is correct, about the result of the S tate election in 1859—a reminiscence which gives us equal pleasure with himself. The facts then stand that the "Democrats" who lost the State in 1858, partially recovered it only in 1862 and 1867. It will be a long time before they approach restoration to power, as nearly as they did at the late election.

JOHNSON is greatly enraged at the turn the election took in Virginia. He is trying to "fix up" Georgia; but it will be "no go." The 800,000 new voters in the Southern States, have "straightened them out," and will keep them straight. Good-bye, Cops.

THE COPS. "roosted high" before they heard from VIRGINIA; but they have been lying very low since.

IRON ORE.—Unusual activity is manifested by the Wrightsville Iron Company, and other manufacturers of iron, in getting a supply of ore for the winter. Much of it comes from the neighborhood of Littlestown and Hanover. The ore found in that entire region proves to be very valuable, and the beautiful white Chrome Ore recently discovered among the veins in Seven Valley yields about fifty-five per cent. of iron, and is the same kind as has been shipped for years from Havre-de-Grace to Sheffield, England, for the manufacture of cutlery.

We understand that good ore has also been found in Franklin township, on the Orr farm and other places.

NEW OXFORD BAND.—In a former article of the *Star and Sentinel*, we noticed this new Band, which has been organized in our neighboring village. ## POLITICAL ITEMS.

THE Omaha *Republican* says: "The Republicans have swept Nebraska as with a new broom. From all parts of the State the news is of the most cheering and decisive character."

THE Democrats have probably elected their candidates for Supreme Judge, and Superintendent of Public Instruction, in California, but by a very close vote. On Governor, in August they had over 8,000 majority. The tide is checked, and turning.

JUDGE Kelley of Philadelphia, an eminent and radical Republican has come out for Grant, giving these reasons and facts:

"General Grant will not only be available but irresistible as a candidate. But why I desire his nomination is that during his Presidency he will secure the enduring ascendency of our principles by promoting the embodiment of the most advanced of them in statutory and constitutional provisions, and in the surer guarantee of personal rights, the common and familiar usages of a numerous and free people. As President he will gather the fruits of the many victories won by the armies he commanded; and I advocate his nomination because I desire a candidate who not only assents intellectually to my principles, but recognizes the necessity of applying and enforcing them in the work of reconstruction and the current life of the people.

"When, as your Representative, I voted thanks to Generals Sheridan, Sickles, Pope and Schofield, for the manner in which they were administering the affairs of their respective districts, I proclaimed my approval of Grant's conduct of his part in the work of reconstruction, my knowledge of his harmony with Congress and his fidelity in the enforcements of its acts, so far as their enforcement had been confided to him. I then knew that the lesson he had deduced from personal and official experience, since the surrender of the Confederate forces, was that peace and general prosperity can be attained and perpetuated only by securing to the humblest citizen who has not forfeited his rights by crime, an equal voice in the affairs of the Government under which he lives.

"When General Ord prohibited freedmen from quitting the plantations on which they were employed to confer with their fellow-citizens in public meeting assembled, General Grant promptly reversed the conservative order; but he generously sustained the District Commanders I have named in every advanced step they took in the trying position to which his confidence had assigned them. Of the generous support he gave them I speak from no common rumor. It has been my privilege to confer with all of them—with Sheridan at New Orleans, with Pope at Atlanta, with Schofield in the mansion of Jeff. Davis, in the Capital of the late Confederacy, and with Sickles in our own city and elsewhere. Let who will doubt Grant's perception of the exigencies of the times, or his fidelity to the Congressional plan of reconstruction, it is not Sheridan, nor Sickles, nor Pope, nor Schofield, nor the great War Minister whose courage and integrity Andrew Johnson could no longer abide. Yes, Stanton honors and confides in Grant in the same unstinted measure accorded by the honored District Commanders.

"Let us then inscribe the illustrious name of Ulysses S. Grant upon our standard, and emblazon around it in broad letters of gold our precious principles, not doubting that when the National Convention assembled it will approve and confirm our action by acclamation."

## THANKSGIVING DAY.

### Proclamation by President Johnson.

WASHINGTON, October 26.

In conformity with a recent custom that may now be regarded as established on national consent and approval, I, Andrew Johnson, President of the United States, do hereby recommend to my fellow citizens, that Thursday, the 28th day of November next, be set apart and observed throughout the Republic as a day of national thanksgiving and praise to the Almighty Ruler of nations, with whom are dominion and fear, and who maketh peace in His high places. Resting and refraining from secular labors on that day, let us reverently and devoutly give thanks to our Heavenly Father for the mercies and blessings with which He has crowned the now closing year. Especially let us remember that He has covered our land with greatly needed and very abundant harvests; that He has caused industry to prosper, not only in our fields, but also in our workshops, in our mines, and in our forests; He has permitted us to multiply ships upon our lakes and rivers, and upon the high seas, and at the same time to extend our iron roads so far into the secluded places of the continent, and to guarantee speedy overland intercourse between the two oceans. He has inclined our hearts to turn away from domestic contentions and commotions consequent upon a distracting and desolating civil war, and to walk more and more in the ancient ways of loyalty, conciliation and brotherly love. He has blessed the peaceful efforts with which we have established new and important commercial treaties with foreign nations, while we have at the same time strengthened our national defences, and greatly enlarged our national borders. While thus rendering the unanimous and heartfelt tribute of national praise and thanksgiving, which is so justly due to Almighty God, let us not fail to implore Him that the same divine protection and care, which we have hitherto so undeservedly and yet so constantly enjoyed, may be continued to our country and our people through all their generations forever.

In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed.

Done at the city of Washington, this 26th day of October, in the year of our Lord one thousand eight hundred and sixty-seven, and of the independence of the United States the ninety-second.

ANDREW JOHNSON.

By the President.
WILLIAM H. SEWARD,
Secretary of State.

LONDON, October 26.—The *Times* comments editorially on the national honor exhibited by the government and people of the United States in resolving to pay the national debt and interest in gold.

## GENERAL NEWS.

The Republican majority in Indiana is about one-third greater than it was last year.

THE "Democrats" elected their Mayor and Judges in Baltimore last week, by a vote of 18,380 to 4,859.

THURSDAY, November 28, has been fixed for Thanksgiving in Maine and Massachusetts.

MARTIN HEIST, a citizen of Hartly township, Union county, Pa., died a few days ago at the advanced age of 107 years, three months.

HARPER & BROTHERS, it is said, are about to publish a volume of Henry Ward Beecher's sermons, selected and revised by the author.

THE National Union Republican Committee will meet in Washington, on the 11th of December to fix a time for the National Convention.

A considerable number of families from Dauphin, Lancaster and York counties have recently bought farms in the Shenandoah Valley, Va.

THE "Conservatives" of Maryland are said to be tending towards General GRANT, being disgusted with the preference shown by the Democracy for returned Rebel soldiers.

As the Republican vote of Luzerne county is 1,235 larger than last year, the Republican State Committee have awarded it the flag proposed for the "banner county."

Rev. Phillips Brooks, of Philadelphia, has received a call from Grace Church, New York, to succeed Dr. Taylor. He is to receive salary of $15,000 per annum and the parsonage.

HON. Chas. Ingersoll writes that he heard the news from Pennsylvania "with tears of joy." If true, they were Charley's first "tears of Joy" since the Bull Run rout. Precious drops!

COL. William A. Cook has been appointed Pennsylvania State Agent at Washington, Vice Col. John H. Stewart resigned; and Col. Joseph Copeland, formerly a Capt. in 28th regiment, Assistant, Vice Col. Cook.

THE Chambersburg *Repository*, Carlisle *Herald*, Greensburg *Intelligencer*, Montrose *Republican*, and sundry other Pennsylvania papers have declared for GRANT'S nomination for the Presidency by the Republicans.

GROUND was broken on the 23rd inst., for the Dauphin County Soldiers' Monument, which will be of granite, 20 feet square at base, 80 feet high, to cost $11,000. Gov. GEARY delivered the address.

THE American Colonization Society's ship Golconda leaves Baltimore for Liberia on Saturday November 2d, stopping at Charleston, South Carolina, where between 300 and 400 emigrants join the passengers from Baltimore.

THE recent election results in the consolidation with the present city of Pittsburg of all the district lying within the forks of the two rivers. The north bank of the Allegheny and the south side of the Monongahela have voted to retain their present independence.

GOVERNOR Wm. G. Brownlow has been elected U. S. Senator by the Legislature of Tennessee, to succeed Hon. David T. Patterson, whose term will expire March 4, 1869.—This will offset the "Democratic" gain of a Senator in Ohio.

FROM the *Village Record* we learn that a man residing in Lower Uwchlan, Chester county, having *negro blood in his veins*, was assessed through Democratic influence and brought to the polls, where they induced him to vote for Sharswood.

COL. A. K. McCLURE in his last letter to the *Repository* denies the report, industriously circulated, that he intends to remain in Montana, and states that he will return to Chambersburg next Spring. The health of his family has improved.

THE Borough of Alba in Bradford county, did not poll a single vote for the Democratic ticket at the late election. Armenia township, in the same county, polled but eight votes for Sharswood, and none for the rest of the ticket.

GOVERNOR Seymour, of New York, in a conversation with a gentleman in the central part of that State, the other day, said that he did not take a political paper, nor had he for a long time. The largest share of his followers practice the same self-denial.

THE Buffalo papers state that Solomon Scherr, the Copperhead candidate for State Prison Inspector in New York, is a defaulter to the city of Buffalo, and has been for the past two years, in a sum exceeding five thousand dollars, for taxes collected by him and not paid over.

Lebanon and Schuylkill counties just balance each other—the former giving 1124 majority for Williams and the latter 1124 majority for Sharswood. Last year Clymer had in the two counties 223 majority. These counties make an interesting Congressional district.

IN the District composed of Washington and Allegheny counties, Md., the Republicans are running George A. Pearre, Geo. French, and Hopewell Hebb for Chief and Associate Judges of that Circuit. The Democratic candidates are Richard H. Alvey, Wm. Motter, and Thomas Perry.

A Northern Copperhead periodical declares that the only possible solution of our political difficulties is to restore both the Southern States and the negroes to the condition in which they were before the War. This is logical at any rate. The re-establishment of Slavery is the natural consequence of the Copperhead plan of Reconstruction.

THE Virginia Copperheads have an amiable way of carrying on a political campaign. If the negroes vote the Radical ticket, shrieks *The Enquirer and Examiner*, "their present employers should forthwith turn them adrift. Let them get employment from those with whom they vote, if they can!" This is like the franchise at the point of the bayonet.

THE Lewistown *Gazette* charges that both the Republican candidates for Senator were beaten in that district through the influence of the Pennsylvania railroad company; that for some years that railroad has been used against the Republicans precisely as the State Canal was formerly used against the Whigs; and that in Mifflin county where the vote is close, colonized voters on the railroad have repeatedly defeated Republican candidates.

THE Union Republican Congressional Committee have issued an address to the people of the States that are to vote in November. The address says the country is still imperilled by a perfidious Executive on one hand, and the defiant spirit of rebellion on the other, and quotes from the Southern press to show their elation over the recent Democratic victories. It requires no prophet to foretell that if the November elections should end in Republican defeat, the threat of Andrew Johnson on the 22d day of February, 1866, and frequently repeated since, will be fulfilled at whatever hazard.

THE new Police Commissioners of Baltimore have virtually proclaimed "martial law" in that city, having issued an order forbidding all parades, processions or assemblages of armed men except the regularly organized (rebel) militia, and further ordering the arrest of all persons who appear on the streets, armed after night, whether singly or in bodies. This imperial ukase, previously intended to prevent the parade of colored military companies, attracted the attention of the U. S. Military Commander of the Department, who demanded to know whether it extended to U. States soldiers in the city in passing through, and required the issue of an explicit order recognising the right of free and uninterrupted transit for U. S. troops, through the city at all times. The Police Commissioners "caved," and issued the required order.

## PERSONAL ITEMS.

THE trial of Jeff. Davis it is understood will take place next month in Richmond.

G. W. KENDALL of the New Orleans *Picayune*, is dead.

BISHOP Potter of New York, recently returned from the Pan-Anglican Council, and had a cordial reception from the Episcopal clergy.

ARCHBISHOP M. J. Spaulding of Baltimore, recently returned from Rome, and was warmly received by the clergy and people under his charge.

J. E. RISLEY, formerly of Indiana, now of New York, has been appointed by the President, a Deputy Commissioner of internal revenue. He is a brother-in-law of Daniel W. Voorhees.

THE congregation of Rev. S. H. Tyng, Jr., of New York, Episcopal, have resolved to defray all the expenses consequent upon the proceedings commenced against him in Church Courts, for officiating recently in a Methodist church in Newark, New Jersey.

SENATOR Sumner, who married about a year since Mrs. Hooper of Boston, is said to have had a domestic difficulty which had its origin in a misunderstanding in regard to some letters sent by the Senator to Count Bismarck, requesting the withdrawal from Washington of Baron Holstein, of the Prussian legation, who had been, as alleged, too attentive to Mrs. Sumner. The lady's honor is said to have been reflected upon, in the correspondence, and in a fit of indignation she has gone to Europe.

PETERSON'S PHILADELPHIA COUNTERFEIT DETECTOR.—This periodical, which is a regular safe-guard in Banks, Offices, Counting-houses and Stores, is issued on the 1st and 15th of each month, and has become a necessity to all business men. Some few people think that a Detector is not of any use now, as we have nearly all National Bank currency. This is a great mistake, as to-day there are more counterfeits, and broken bank notes in circulation than there ever was; so you see that Petersons' Detector is actually a greater necessity to all Bankers, Merchants and Storekeepers, and we would advise all our Readers to subscribe to it at once.

Terms of subscription to *Petersons' Counterfeit Detector*, corrected by Drexel & Co., Bankers, is, for the Monthly issue, (per annum) $1 50; Semi-monthly (per annum) $300; single numbers, 15 cents. To agents, $10 a hundred net cash. Subscriptions may commence with any month, and are payable in advance. Address T. B. Peterson & Brothers, Philadelphia, Pa. It

OPORTO GRAPE CULTURE.—This country is becoming noted for the enterprise of wine growers. New Jersey particularly, where the celebrated Port Grape Wine is made purely from the grape juice. The following letter from an eminent physician who lives in sight of Speer's vineyard, will be of interest to our readers:

Passaic, Oct. 20th, 1865.

I hereby certify that Mr. A. Speer of this village has a large vineyard of choice grape vines, which are looking very fine. He also purchases a great many grapes, not as yet producing as many himself as is required to keep his stock of wine full. He has the Port Grape, the wine of which is held in high estimation and of which he has a large quantity on hand lying in his cellars, requiring age before he disposes of it.

FOR ACTS OF CHARITY and Benevolence Philadelphia stands prominent among her sister cities. During the war she had our refreshment saloons where thousands were fed while on their way to the "front," and now, in order that the good work may be continued, it is proposed to provide for the Orphans of many of these brave heroes who fell in defence of the stars and stripes. For this purpose the Washington Library Company of Philadelphia was organized in aid of the Riverside Institute of New Jersey. Here the Orphans of Soldiers and Sailors in all parts of the country will be gratuitously educated and made useful members of society. The just and honorable plan adopted for raising the necessary funds for this charitable object has received the endorsement of every one.—Read Advertisement. It

### DR. SCHENCK'S PULMONIC SYRUP.

This great medicine cured Dr. J. H. SCHENCK, the Professor, of Pulmonary Consumption, when it had assumed its most formidable aspect, and when speedy death appeared to be inevitable. His physicians pronounced his case incurable, when he commenced the use of this simply but powerful remedy. His health was restored in a very short time, and no return of the disease has been apprehended, for all the symptoms quickly disappeared, and his present weight is more than two hundred pounds.

Since his recovery, he has devoted his attention exclusively to the cure of Consumption, and the diseases which are usually complicated with it, and the cures effected by his medicines have been very numerous and truly wonderful. Dr. Schenck makes professional visits to several of the larger cities weekly, where he has a large consultation of patients, and it is truly astonishing to see four consumptives that have to be lifted out of their carriages and in a few months healthy, robust persons. DR. SCHENCK'S PULMONIC SYRUP, SEAWEED TONIC, AND MANDRAKE PILLS are generally all required in curing Consumption. Full directions accompany each—so that any one can take them without seeing Dr. Schenck, but when it is convenient it is best to see him. He gives advice free, but for a thorough examination with his Respirometer his fee is three dollars.

Please observe, when purchasing, that the two like nesses of the Doctor—one when in the last stage of Consumption, and the other as he now is, in perfect—are on the Government stamp.

Sold by all Druggists and Dealers. Price $1.50 per bottle, or $7.50 the half dozen. Letters for advice should always be directed to Dr. Schenck's Principal Office, No. 15 North 6th Street, Philadelphia, Pa.

An interesting Letter is published in the Medico-Chirurgical Review, on the subject of the Extract of Sarsaparilla, in certain affections by Benjamin Travers, F. R. S., etc. Speaking of those diseases, and diseases arising etc. Speaking of those diseases, and diseases arising from the excess of mercury, he states that no remedy is equal to the Extract of Sarsaparilla; its power is extraordinary, more so than any other drug I am acquainted with. It is, in the strictest sense, a tonic with this invaluable attribute, that it is applicable to a state o the system so sunken, and yet so irritable as renders other substances of the tonic class unavailable or injurious.

## THE INDIAN LINIMENT,

as a relief, ever ready; as a killer of pain, taken inward ly, or outwardly applied, has no equal. No family should be without it. Every TRAVELER by land or sea should have a bottle. MINERS and FARMERS residing at a distance from Physicians should keep it constantly on hand In case of accidents, and sudden attacks of Stomach Complaints, its value cannot be estimated. Twenty Melodic Exercises,
IN FORM OF

*Studies to acquire the Art of Singing.*

These exercises were composed to be used simultaneously with his system, "THE ART OF SINGING," or with any *other method* for the cultivation of the voice, and will take the place of CONCONE'S SOLFEGGIOS; being more melodious and better adapted for teaching.

"Some of these exercises are specially beautiful as well as useful, a mingling of the *dulce of style*, which secures the interest as well as the improvement of the student. The various styles developed in these exercises render them invaluable in an educational point of view, as they tend to enlarge the intelligence and the appreciation, and at the same time form the taste of the pupil. They must be studied carefully with reference to the innumerable marks of expression and forms of ornamentation. Upon the minute accuracy with which these are accomplished depends the actual sterling advancement of the pupil; any evasion or slurring in these respects is time and effort utterly wasted, while, on the other hand, a close and patient investigation, and a minutely faithful execution of them, will give unsuspected power and facility, and open to the student the means and resources by which great artists produce their most brilliant and profound effects."—*Dwight's Art Journal.*

## Miscellaneous.

A LIBRARY OF UNIVERSAL INFORMATION.

THE NEW

AMERICAN CYCLOPÆDIA:

A POPULAR DICTIONARY OF GENERAL KNOWLEDGE.

EDITED BY

GEORGE RIPLEY AND CHARLES A. DANA.

AIDED BY A NUMEROUS SELECT CORPS OF WRITERS, IN ALL BRANCHES OF SCIENCE, ART, AND LITERATURE.

*In 16 large volumes, 8vo.*
*750 double-column pages in each volume.*

The leading claims to public consideration which the New American Cyclopædia possesses may be thus briefly stated:

"1. It surpasses all other works in the fulness and ability of the articles relating to the United States.

"2. No other work contains so many reliable biographies of the leading men of this and other nations. In this respect it is far superior even to the more bulky Encyclopædia Britannica.

"3. The best minds in this country have been employed in enriching its pages with the latest data, and the most recent discoveries in every branch of manufactures, mechanics, and general science.

"4. It is a library in itself, where every topic is treated, and where information can be gleaned which will enable a student, if he is so disposed, to consult other authorities, thus affording him an invaluable key to knowledge.

"5. It is neatly printed, with readable type, on good paper, and contains a most copious index.

"6. It is the only work which gives any thing approaching correct descriptions of cities and towns of America, or embraces reliable statistics showing the wonderful growth of all sections."

Every one that reads, every one that mingles in society, is constantly meeting with allusions to subjects on which he needs and desires further information. In conversation, in trade, in professional life, on the farm, in the family, practical questions are continually arising, which no man, well read or not, can always satisfactorily answer. If facilities for reference are at hand, they are consulted, and not only is the curiosity gratified, and the stock of knowledge increased, but perhaps information is gained and ideas are suggested that will directly contribute to the business success of the party concerned.

A Cyclopædia is preeminently the work for our country and generation. This is the age of steam. No one has time to grope among a hundred different works for every little fact required, without the certainty of finding it at last. With a Cyclopædia, embracing every conceivable subject, and having its topics alphabetically arranged, not a moment is lost. The matter in question is found at once, digested, condensed, stripped of all that is irrelevant and unnecessary, and verified by a comparison of the best authorities. Moreover, while only men of fortune can collect a library complete in all the departments of knowledge, a Cyclopædia, worth in itself for purposes of reference at least a thousand volumes, is within the reach of all,—the clerk, the merchant, the professional man, the farmer, the mechanic. In a country like ours, where the humblest may be called to responsible positions requiring intelligence and general information, the value of such a work cannot be over estimated.
